Chapters at Work

Tell us why your chapter is awesome and we’ll share your successes with the ARMA community. Chapters at Work is a new effort to highlight the great work chapters are doing. You decide what you want to share with us – an awesome conference, a shred event, a local cultural event.

It is easy - simply provide the information below:

1. Submit 1-3 pictures
2. A 75-150-word description highlighting your chapters’ story. Time to do a little bragging here! Share with fellow chapters what you’re doing to make an impact on our community.
3. Pat yourself on the back!
