

What is New to ARMA?

These new resources and offerings are awesome. They help professionals grow their careers and excel at their jobs. However, potential members (and some current members) may be in the dark.

Over the last year, ARMA released a plethora of new offerings that look very different than the resources (most free!) that members of a few years ago were used to. Below we also include a sneak peek of a few offerings coming in the spring of 2019.

Familiarize yourself with the list below and **pick around 3 that you can discuss in detail**. This will be especially helpful if you are talking with a past member or someone who engaged with ARMA in the past but hasn't been as active recently.

[IGBOK](#) - The Information Governance Body of Knowledge.
